

## UMBERMEN WANT RAIL BILL SIGNED

ot Perfect, But Feel Early  
Approval by President  
Will Help People.

considerable augmentation of the  
of the interstate commerce  
mission over railroad transporta-  
is revealed in a digest of the new  
by the Southern Railway  
association over the signature  
M. Nicky, president. It is the  
of some authorities that the bill  
will become the virtual master of  
railroad systems of the country.  
e of the radical changes, as pointed  
by J. H. Townsend, secretary-  
of the traffic association, is  
fact that the I. C. C. will initiate  
instead of the carriers. The  
which is in 14 clauses, fol-

First—The commission shall initiate,  
lish, etc., just and reasonable  
as to show a fair return on the  
regate of the value of the property  
to transportation service and  
percentage of return for two  
from March 1, 1920, at 5% per  
Second—The commission shall have  
power to establish minimum rates.  
Third—In time of war or shortage  
the commission is given jurisdiction over  
tribution of equipment.  
Fourth—In order to collect an un-  
charge, the carrier must enter suit  
against the shipper within three years  
if not after.  
Fifth—Freight can not be delivered  
shipped or consigned until all  
arges have been paid.  
Sixth—The commission can suspend  
rates for 60 days. At the end  
that time, if no decision is reached,  
rates will become effective. If  
found unreasonable, reparation  
be granted.  
Seventh—Government owned boats  
shall be operated by the  
secretary of war to be operated  
him.  
Eighth—All rates and fares in ef-  
on Feb. 29 are to continue until  
prior to Sept. 1, 1920, no rates shall  
reduced or changed without the con-  
sent of the commission.  
Ninth—Provides a \$300,000,000 fund  
with which the commission may make  
ans to carriers at 6 per cent.  
Tenth—Makes it the duty of the  
carrier and their employees to exert  
every reasonable effort and adopt  
every available means to avoid inter-  
ruption to the operation of the carriers  
accruing out of any dispute; also pro-  
vides for the creation of the railway  
board of labor, this composed of nine  
members equally divided between the  
employees, employers and the public, to  
be appointed by the president.  
Eleventh—Provides that the com-  
mission adopt the plan for the con-  
solidation of the railroad properties of  
the United States into a limited num-  
ber of systems.  
Twelfth—Provides that the commis-  
sion shall be increased from nine to  
eleven.  
Thirteenth—Wages not less than  
those in effect at the time federal con-  
trol ends are to continue until Sept. 1,  
1920.  
Fourteenth—Under certain restric-  
tions the interstate commerce com-  
mission can authorize lower rates to and  
from more distant points.  
While they do not approve the bill in  
toto, the members of the traffic asso-  
ciation feel that its early approval by  
the president will best serve the in-  
terests of the people, Mr. Townsend  
stated.

## Faces Incarceration To Take Home Body Of Sightless Wife

SHREVEPORT, La., Feb. 27.—Al-  
though he is in danger of being ar-  
rested and incarcerated in the South-  
west Texas insane asylum from which  
institution he escaped last February  
and remarried his blind wife after their  
first marriage had been annulled dur-  
ing his confinement, Dr. Carl J. Vol-  
entine, dentist of Vivian, La., left  
Shreveport last night for Nixon, Tex.,  
with the body of his wife who died  
here last Sunday.  
Upon rejoining his wife following his  
escape from the asylum Dr. Volentine  
moved to Vivian.  
Volentine, who is a native of New  
Orleans, is a hopeless effort to  
obtain relief. Meanwhile the Texas  
authorities sought to get possession of  
Volentine on the insanity case but the  
Louisiana authorities refused to honor  
requisition, he having been officially  
considered sane in Louisiana.

## SAYS BOY OF TODAY NEEDS COUNTRY LIFE

Know your son better, father; boy,  
know your dad better, get together for  
work, play and study, is in epitome  
the sense of the first father-son ban-  
quet held Thursday night at the First  
Methodist church. The banquet was  
the first of a series which the Y. M.  
C. A. and other organizations have  
planned.  
Henry Hart, state secretary of the  
boy's department of the Y. M. C. A.,  
who gave the fathers and sons some  
fine pointers. He declared that a  
better understanding between the two  
was necessary in the making of the  
man and the country. Mr. Hart de-  
scribed present-day conditions which  
surround the city con, for he declared  
there is nothing like the country with  
which to bring out the boy.  
John R. Pepper was the toastmaster.  
Other speakers were Rev. H. S. Prig-  
gins, Dr. M. M. Want, W. L. McGold-  
rick and A. D. McWhorter.  
Those present said the "chow" was  
the best possible.

## USE BOXER FUNDS TO EDUCATE CHINESE

PEKING, Feb. 27.—Advice from Paris  
state that Dr. Wellington Koo, on a  
special mission to Paris and London,  
has approached the European powers  
with a suggestion that the balance of  
the Boxer indemnity be relinquished  
and that his suggestion has met en-  
couragement from several of them.  
In the case of one nation at least it  
has been intimated that in event of  
such relinquishment the funds will be  
used to educate Chinese students in
